

### Mission

Our mission is to prevent family breakdown and tragic headline news.

We save families from simultaneous social, medical and financial crises, and empower them to lead a self-sustaining and hopeful livelihood.

### Family Empowerment Program

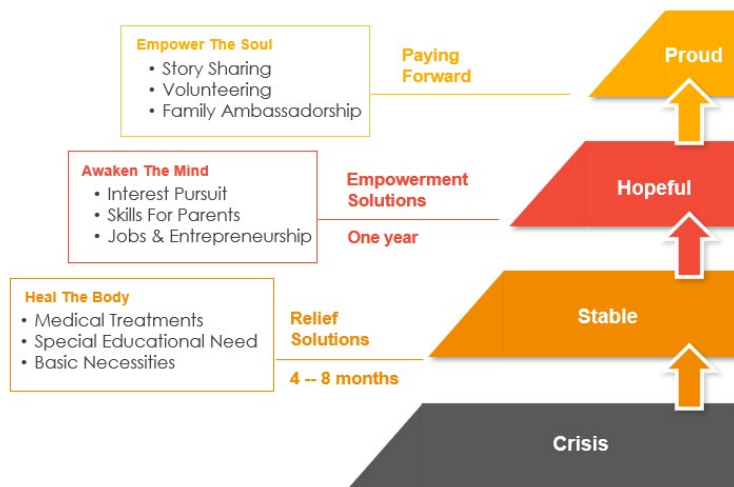

Started in 2019, the program support families in crisis to cure the root cause, which we believe is the only long-term solution. We respond to the family’s most urgent need, such as medical aid, necessities, as well as training for children with SEN. We believe that empowerment is critical in producing long-lasting changes. To ensure our families lead a sustainable livelihood, our relief efforts are supplemented with empowerment solutions.

### Target families

<b>Absence of breadwinners</b> - Single-parent household - Grandparenting - Parents incapable of supporting the family	<b>Extreme poverty</b> - No savings, often in debt - Living in tiny, worn-out and unsafe flats - Socially isolated
<b>Illnesses</b> - Children with SEN or medical treatment need - Urgent medical or mental health treatment for parents	<b>Proactive mindset</b> - Motivated to change - Appreciate help - Willing to give back

### Approach

ChickenSoup Foundation tailor-made solution for each family and each member, walk along them through crisis to stable. Then we empower them so that they can reach hopeful stage. Ultimately, they would proud of what they have gone through and pay forward to other families in need.

### Application and Partnership Flow

1. Please fill in the questionnaire: <https://forms.gle/AP8jFgJPGz5yDNJY9>
